"FROM HERE is a hopeful story of Tania, Sonny, Miman, and Akim - artists and activists based in Berlin and New York whose lives and futures hang in the balance of immigration and integration debates. The protagonists move from their 20s into their 30s and face major turning points in their lives: fighting for citizenship, starting families, and finding room for creative expression. FROM HERE offers four distinct visions of resistance and resilience – showing not only their struggle, but enormous power."
